- Frequent handwashing or sanitizing is critical.
- Monitor your symptoms and immediately call your doctor, clinic, or our 24/7 line at 308-262-5764 before going anywhere if you are experiencing any of the following: cough, fever, shortness of breath, sore throat, body chills, headache, loss of taste or smell, nausea, vomiting, or diarrhea.
- Please use extra caution if you are over 60 or have any underlying health conditions.
